RUNNING RISKS IN SHOES.

It is easy to guard against doing anything of the kind—risks weren't made to wear. A shoe that you like is worth all you pay for it every time; the shoe that you don't is a good thing to get rid of rapidly. You won't be anxious to get rid of our GENTS' \$2 SHOE. A cheaper shoe you'll never wear.

There will be a camp fire gathering at the court house at night. The officers and committees held a conference meeting at the St. Nicholas last evening.

HAVE we any truly great men at the present day? Some doubt it, and ask to be shown the modern Washington, Franklin, or Webster. However this may be, of one thing we are sure, there never was a greater blood-purifier than Ayer's Sarsaparilla.

EXTRACT from a society journal: The banquet of Mr. John Cummings was extra fine. A sad accident marred the merriment, however, when Uncle Billy Plunger broke his arm while sliding to the plate in the eighth inning. Uncle Billy always was a good feeder and dresser, and he never looked sicker than he did that evening when he wore that neat-fitting and handsome suit made by Ed Deoz & Son.

REMOVAL SALE.
The Abel Carpet & Wall Paper Co. is in the new store on North Water street, just north of Race's Clothing Co. Moving hurriedly to give Hatch Bros. possession we did not reduce stock as we had intended, therefore we will in the new building for hand sale sell remnants regardless of cost and everything less than value. This is the last call. d&w

Appointed Deputy Coroner.
To-day Coroner Bonders left for Denver to be gone three or four weeks. Before leaving he appointed Harry K. Midkiff deputy coroner, and during the absence of Mr. Bonders Harry will attend to the duties of coroner. He will respond promptly to all cases. His residence telephone number is 306.

Campers.
A party of ladies and gentlemen met last evening at the home of Mr. and Mrs. W. H. Elwood for the purpose of organizing a camping party. Oscar Dawson and Robert Mueller were appointed on a committee to select grounds and make arrangements.

New Doctors.
The Illinois board of health yesterday issued state certificates to the following physicians: Charles F. Childe and Wilbur A. Nunn, both of Decatur.

Lightning and Rail Stories.
There was a large fishing party down at the Sangamon river last evening and they all got a soaking by the rain, while the hail peppered them severely. F. B. Mueller was in the party, and as usual he had his fun. When the hail began to drop, Fred made a quick slide for the big chunk of ice in the water bucket. He fished it out and then went off into the grass, and as the hail continued to fall and the ladies were still drenched, Mueller dropped the ice in the grass, at the same time giving a big jump and yell of fright. Calling the party together, he was showered with missiles of hail, which came near ending the career of Mueller, who was trembling with assumed fear. Several of the ladies fainted as they looked upon the huge piece of ice. It was brought to the city and exhibited as the biggest hail stone that ever dropped from the clouds.

J. A. McWhorter, paying teller of the Decatur National Bank, was out in the country yesterday afternoon and was walking homeward on the railroad track, when the storm came up. He paid but a little attention to the light until he was suddenly thrown forward on his hands and knees by the electric fluid, which was skimming along on the rails. Jack then began to think about danger, and to figure on the chances of escape. He got home safely, none the worse for the trip.

The County Teachers' Institute.
Superintendent Donohay states that the Mason bounty teachers' institute will be held this year at the Church street school, because the high school building is not finished. The institute will be opened on Monday, August 15, and the first day will be given up to the examination of teachers for certificates in reading, writing and spelling. The assistants will be E. A. Gasman, in pedagogy, zoology and history; J. H. Conrad, in physiology, physics and botany; S. W. Dixon, of Leon, Ill., in arithmetic, geography and grammar; and Mrs. A. E. Murphy in the primary department. If can be secured there will be music and drawing instructions. Possibly 125 teachers will attend the institute.

Postponed.
The hayting party which was to leave Decatur last night at 7 o'clock for the William Sawyer farm, where they intended to spend the evening, was postponed owing to the rain, and instead they assembled at the home of Mr. and Mrs. M. J. Lander, and there passed the evening most pleasantly. Those present were: Misses Donna Buckingham, Mary Cary, Maude Barnes, Mary Crossman, Kate Quinlan, E. D. Dill, Anna Cool, Stella Huntington, Mae Crossman, Lou Tuttle, Frank Hamsher, Jess Whitell, Tom Wood, Ed Barnes, Milton Johnson, Jr., and Ed Howes.

Mr. J. A. Lander, a prominent citizen of Clarkburg, Mo., and widely known in Decatur, is the author of the "Royal Ruby" Port Wine. He has seen its good results and can recommend it. Sold by Swearingen & Tyler. d&w

A HEAVY RAIN.

It Came Up Suddenly With Marble Hail and Wicked Lightning.

The weather was in a capricious mood yesterday. It was pleasant enough in the forenoon, but at noon the breeze was so stiff that dust was thick and annoying. Then it became sultry and oppressively hot during the afternoon—86 in the shade. The signal service prediction for the day was away off. It could not be relied upon. At 4 o'clock the elements took another turn, and gave us more wind while heavy clouds in bunches gathered in the west, south and northwest. The clouds united at 5:30 and after frequent flashes of lightning and heavy rumbles of thunder, the rain came down in torrents accompanied by showers of hail, which grew to be as large as marbles. Water converted the streets into rivers, and every sewer did a rushing business. During the night the clouds swung back from the east and gave Decatur another soaking. The lightning was more severe than in the evening.

The rain fell in nearly every part of the county, and was of inestimable good to the growing corn and to the pastures. The rain was heavy in Pike, Douglas and Monticello counties. It is cloudy to-day. The predictions are that it will be fair on Sunday.

The Death Angel.
John S. Woods, son of Robert Woods, died of hemorrhage of the lungs at his home in Westland township, Aug. 5, aged 43 years. He leaves a widow and five children. The deceased was a successful farmer and left considerable property. He had been assessor of Westland township, and had recently finished his term as administrator of the estate of his brother, Joseph Woods. The funeral took place to-day, Rev. W. L. Bankson officiating. The burial was at Salem cemetery.

Last evening at 727 East Marietta street, R. O. Robbins passed away, in the 91st year of his age. The deceased was born in Richmond, Deerfield county, Massachusetts, on May 31, 1812. He has been a resident of Decatur for many years and was well known here. His children are Hiram Robbins, New York City, Edwin Robbins, Chicago, Will Robbins of Hot Springs, Sidney Robbins, of Lafayette and Charles, George and Frank Robbins, of Decatur. There are four daughters, three living in Decatur and one in Buffalo, N. Y.

The funeral will take place Sunday afternoon at 4 o'clock from the residence. Mrs. Maggie Green died of blood-poisoning at 6:30 o'clock this morning at the family home on North Jordan street, aged 24 years and one month. The deceased was the wife of Woody Green, and a daughter of J. M. Poor. She leaves a husband and three children, the youngest an infant three weeks old. The funeral will occur on Sunday from the house.

THE FIRST TRIP.

Republicans of Decatur to Go to Springfield on August 18.

Will Go Down with Bands and Drum Corps—General Political Notes, &c.

The prospects are that Decatur will send 300 to 400 people to Springfield on August 18, to attend the state convention of the Republican League. The club committee report increasing interest in the trip, and when tickets are placed on sale they will go rapidly. The Republican club meeting to be held at the court house next Tuesday evening will bring out another large crowd. The plan of the trip to the capital will then be stated in detail.

Don M. Dickinson, ex-postmaster general, has been elected chairman of the Democratic national campaign committee, with Bradley B. Smalley, of Vermont, as secretary.

Returns from sixty-two of the sixty-three counties of Alabama make it certain that Jones, straight-out Democrat, has a majority of from 16,000 to 20,000 for the governorship.

W. W. Tracy thinks that Clarkson will be re-elected president of the Republican national league by acclamation when the convention meets in Buffalo Sept. 1.

Immediately after the adjournment of congress President Harrison will leave Washington for a vacation in the Adirondacks. En route thither he will stop in New York city for a consultation with Republican leaders.

The following legislative nominations have been made in Illinois: Twenty-second district (rep.), senator, W. D. Nilson, Sr.; representative, H. H. Smith; member of the board of equalization, W. W. Mathews. Forty-fourth district, (people's), senator, R. J. D. Reeder; representative, A. G. McGowan.

The twelfth German Lutheran's in a single farming community in this country, says the Bloomington Leader, who refuse to stampede on the Democratic strait-jacketed compulsory school law scenario, are among the most intelligent Germans in Illinois. The Bulletin can't circulate, climb over or down the living, palpating fact that the German Lutherans are with the Republicans this year stronger than ever, because of the thinly-veiled scheme of the Democrats to win them over to free trade and other vicious legislation.

The Republicans of Wisconsin not only intend to bring suit to test the constitutionality of the last Democratic appointment law, but action will also be instituted to unseat all hold-over senators under the appointment of 1887. The Supreme court, in its decision in the last gerrymander case, declared this law unconstitutional. In view of this fact the governor will be petitioned to declare all districts represented by senators elected under the appointment law of 1887 vacant. In case Governor Peck refuses to do this resort will be had to the Supreme court.

The Republicans of Pleasant View township will organize a campaign club at 2 o'clock next Saturday afternoon, Aug. 13.

Installation.
At the meeting of Faithful Lodge of Good Templars held last night the following officers were installed: O. T. W. W. A. Kase; V. T., Emma Jones; Secretary, Mabel Kase; Assistant Sec'y, E. Gibson; S. J. T. Mrs. T. J. McDermott; Treasurer, J. L. Shields; Finance Sec'y, Charles Stevens; Chaplain, Miss Clara Vaughan; Cor., Secretary, Harry A. Scott; P. O. T., Mrs. G. W. Ruckie; M. A. Collins; D. M., Nettie Warren; Guard, Cor. Tyler; Sentinel, S. S. Smith. The following delegates to the district lodge were elected: Mrs. G. W. Ruckie, Mrs. G. F. Wickens, Chas. Kase, Emma Jones and John Pierce. Alternates were appointed as follows: Harry A. Scott, Mrs. A. Kase, Mrs. Ruckie, W. A. Kase and Al Collins. The Janville Temple will hold their regular meeting to-morrow afternoon at 8 o'clock.

Mean injury is done by the use of
irrigating, gripping compounds taken as
purgatives. In Ayer's Pills, the patient
has a mild but effective cathartic, that
can be confidently recommended alike
for the most delicate patients as well as
for the most robust.

The Wabash R. R. announce another
of their popular cheap excursions for
Sunday, Aug. 21. This time they will
reverse the trip, going by rail to Quincy
and by the steamer Josephine to Hannibal
and Hannibal. The rate will be the
same, \$2 for the round trip.

At the session of the Grand Lodge of
Colored Old Fellows held at Quincy,
Ill., on Aug. 2 and 3, Decatur was not
forgotten. Ed. Gray was appointed on
the committee of the world's fair and
Wm. Price was appointed on widow and
orphan home. The committee will en-
deavor to have the building located at
this place. It is a \$10,000 building will
be erected.

A party was given last evening at the
home of Mrs. Vance, 1635 East William

street, in honor of Miss Louise Fleece, of
East St. Louis. Cards and parlor games
were the amusements of the evening.
Those present were Misses Ida Lloyd,

HOT FOR DENVER.

The Knights Templar and
Their Friends Bid Adieu.

They Leave Decatur at 12 O'clock
for the West via T. H. & P.—
A Jolly Crowd and a Grand
Time Anticipated—Those who
Left This Morning.

The Union Depot platform was
thronged this morning with Knights
Templar, their wives, daughters and a
large number of others who availed them-
selves of the low rate to enjoy a trip to
Denver and the west. It was head-
ed by the Grand Commander, No. 9, this city,
and friends, and they departed at 12
o'clock for Denver, where they will
attend the triennial convocation
of the Knights Templar. The De-
catur party had a special sleeper
of which they have the sole use. There
were in all 135 people in the Decatur
party including sixteen Knights Templar
under command of Grand Commander
W. J. Wayne. Attached to the train
were two sleepers from Paris, Ill., carry-
ing Palestine Commandery, No. 27
with Grand Commander Blackburn
among the number. They were com-
fortably scattered and when the train
reached Decatur were enjoying their
mid day meal. The party will reach
Denver at 6 o'clock Sunday evening and
will remain in the sleeper over night.
Among those who left of Decatur, this
city were Rev. James Miller and
wife and Mrs. E. Mann, of Roseville,
Rev. O. E. Torrey, W. J. Wayne and
daughters, Gertrude and Mabel, Dr.
J. D. Moore, S. D. Moore of
Assumption, John Mattee, Mr. and Mrs.
I. A. Buckingham and daughter, Donna,
David Batchelder and wife, Joseph
Tucker and wife, Smith Walker, J. H.
Sessions and wife, E. Carter, W. H.
Burr, I. D. Walker and wife, Geo. Bos-
well and wife, T. T. Springer, J. E. Sax-
ton and wife, Mrs. Henry Smith, Miss
Florence Bland, Miss Mary L. English,
J. H. Culver and wife, David Patterson
and wife, Walter Hutchins, wife and son,
Mrs. R. C. Hammer and daughter, Em-
ily, Miss Anna Simms, W. J. Huff and
sister, Mrs. D. Clark, the Lowry, Sam
Mortland, Wright Webb, C. M. Allison,
R. O. H. West and wife, Geo. G. G.
Frank Atter and two daughters, of Cairo
Gordo, and others. George E. Miller
will leave Monday night.
Attorney J. C. Hostetler will leave on
Sunday afternoon for Denver, Ogden,
Council Bluffs and other points on an
extended visit. He will visit San Fran-
cisco before he returns and he will be
absent about a month.
Mr. and Mrs. Volney Barber will leave
Sunday afternoon for Denver and the
west.
Mr. and Mrs. William Voorhies will
leave Sunday afternoon for Denver and
the west. They will probably visit the
coast before they return.

A Good Point.
At the little town of Roberts, in Ford
county, a Harrison, Reed and Fifer club
has been organized which cannot fail to
win attention owing to the character of
the membership. It is composed en-
tirely of voters who have always hereto-
fore been Democrats. No one who has
ever voted the Republican ticket is ad-
mitted. There are now twenty-one
members, and a dozen others have ex-
pressed the intention of joining the
club. The town, in which Roberts is lo-
cated, cast 143 Republican votes, 117
Democratic and 10 Prohibition in 1890.
This a Republican gain of 33 in a voting
population of 270, which will do very
well, all things considered.

A Poor Season for Tomatoes.
Just at present tomatoes are scarce.
The present supply is almost entirely
home grown, as the commission man sup-
posed that there enough here to supply
the demand and so stopped the shipment
of this vegetable from southern Illinois.
It has been found that they do not ripen
fast enough here to supply the demand,
and this is the cause of the scarcity.
Shipments from southern Illinois will be
in a day or two, and as the season ad-
vances the supply of home grown will
vastly increase and tomatoes will then
again be plentiful. This has been a poor
season, though, for them.

Good Corn Weather.
The farmers are congratulating them-
selves on the fact that this is good corn
weather. The rain of yesterday were just
what was needed to make the corn grow
rapidly. In fact the weather of the whole
summer, since the heavy rains ceased,
could not have been better if it came to
order. With hot days, with hot nights,
and occasional showers, there will yet be
a fair crop, always provided that the
frost kindly stays away and gives the
crop a chance to mature.

Rock Plaster Contract.
The Decatur Rock Plaster company
secured a big contract at the World's
Fair grounds in Chicago yesterday. It
is to furnish material for 30,000 yards of
plaster for the Illinois Building for the
great exposition. The merits of the
famous Rock Plaster were promptly
recognized by the state of Illinois, and
as usual the Decatur company got
to the front over all contestants.

A Double Accident.
While scaling some meat at Mack-
inaw Mrs. Frank Frederick accidentally
upset a boiler of hot water, which poured
over her, scalding her very severely. Mr.
Frederick, who was driving a binder near
by, heard her screams and ran to her as-
sistance. While he was gone his team
ran away and ruined the binder.

A SINGULAR CASE.

Injuries to R. J. Stratton's Horse
While in a Box Stall.

When R. J. Stratton superintendent
of the Decatur Gas Works, visited his
horse this morning, he made a discovery
which has not only puzzled him, but has
caused all veterinary surgeons to spec-
ulate as to the manner in which a horse
in a smooth box stall could be
injured and marked in various
places on the equine form. Mr. Stratton
has a stylish roadster. He was in his
box stall last night during the storm,
which raged furiously in the city. The
horse this morning was found to be
scratched in a dozen places—on the
sides, on the hips, sides and top, and on
the inside of the legs. The scratches,
some looked like burns, were from two
to six inches long, and an inch wide. The
hair was taken off clean to the skin as if
done with a razor, and the neck was also
badly swollen on one side. The swelling
went down leaving deep marks to mark the
scars. The horse could not have been
indicted by rubbing against the sides of
the stall. The generally accepted
theory is that lightning did the
work, but it is not
known that lightning struck anywhere
near the barn. If it did, the find got
into the box-stall and played over the
form of the roadster. That is the opinion
of Dr. Ulrich, who was called to the
stable to examine the horse and treat
him. Of course the horse can't tell
anything about his experience. If he could
he would paint it in glowing colors. Per-
haps hair will grow on the spots in time,
and then the horse will look as well as
ever. Stratton will insulate that box-
stall.

Dix Dead.
J. G. Dix, a former resident of Maroa,
died this week at Alda, Neb. The News
says Mr. Dix was born in Ohio about 60
years ago, and came to Maroa during
the war, buying the farm east of town
now occupied by Sylvester Jones. He
was married and had three sons. He
then sold out and moved to Iowa, en-
gaging in the butcher business. He
continued thus most of the time until
1881 when he moved to Nebraska, where
he has ever since resided. He leaves a
wife and two children who are now in
Florida. In many respects Mr. Dix was
a strange man, but he was thoroughly
honest in his dealings, and had many
warm friends in Maroa, who will regret
to hear of his death. He was a member
of Maroa Lodge, I. O. O. F., which or-
der had given him financial aid on sev-
eral occasions the past two years.

A Bad Year for Birds.
Observers in various parts of the prairie
region state that there are fewer
prairie chickens, quail and woodcock this
year than was ever known. The like is
true of all birds that build their nests on
the ground. The long continued rains
and the severe cold of spring and early
summer destroyed their eggs or killed
their young before they were large
enough to fly. The floods also destroyed
many rabbits, gophers and striped squir-
rels. Small game will be very scarce on
the prairie this season. All who live in
the country or have visited it this sum-
mer have noticed fewer birds admired for
their plumage and song. It has been a
bad season for birds and small animals.

Coming to Decatur.
The Catholic Knights of America, 400
to 500 people, will arrive in Decatur on
Sunday at about 10 o'clock and spend
the day at the parks and in the city.
The Decatur Knights are invited to join
the visitors in the enjoyment of the day
and excursionists will bring a band with
them.

On Sunday, August 14, St. Louis par-
ties will run an excursion train to De-
catur at 81.50 for the round trip of 225
miles.

On Friday, August 19, the Sunday
schools of Champaign will run an ex-
cursion to Decatur to picnic at Riverside
park.

Notice to Water Takers.
You will take notice that the water
main in Lincoln Square north on
North Main street, will be replaced with
a larger service pipe, and that it will be
necessary to shut off the water from the
present service pipe during the time
such change is being made. Therefore
you will be required to prepare for the
emergency. Your attention is called to
Section 3 of Chapter 33 of the City Code,
pages 66-67.

Called Away by Death.
John H. Randall and children left
for Buffalo, Ill., this afternoon to attend
the funeral of John Spittler, father of
Mrs. Randall, who died of paralysis to-
day, in the 89th year of his age. The
old gentleman was paralyzed last
Tuesday. The funeral will occur on
Sunday.

Billy G. a Winner.
In the race at Ottawa yesterday Billy
Downing drove Billy G. a winner in the
free-for-all trot, purse \$500.
Billy G. won in 2:22 1/2.
Frank Middleton, 2:22 1/2, 2:21 1/2.
Time—2:22 1/2, 2:22 1/2, 2:21 1/2.

Farmers Killed by Heat.
Yesterday was a bad day for farmers in
the fields. Robert Wheeler, near Hille-
boro, was prostrated on his farm and died
in a short time. Near Mascoutah John
Hoel was found dead on his farm by his
daughter.

A Change.
J. A. Reed, of Pana, has been selected
to serve the Illinois Central Railroad
company as station agent at Maroa, in
place of C. A. Meneses, who is promoted
to the position of freight agent at Clin-
ton.

There is now being built in Clin-
ton an electric car that may largely
take the place of the family horse. The
vehicle, which in shape will resemble an
ordinary buggy or carriage, will have a
storage battery in the bottom and will be
started by means of a lever, the speed
being regulated in the same manner as
the electric cars. It is claimed that it
can be run for eight hours at a cost of
only \$1.25, that its speed and capability
will be equal to that of two strong and
active horses and that the cost of making
one will be only about \$100.

The great season-ending sale of shoes
and Oxfords is now going on at Powers'

WE THE UNDERSIGNED, contracting plasterers, after
much experience and observation, take pleasure in testifying
to the practical character of ROCK PLASTER, and while it
will remove a not inconsiderable amount of business, namely,
that of patching, we advocate its use, as it enables us to do
work and guarantee the results, and enables us to carry on
our trade at all seasons of the year, and modernizes that
part of building enterprise which has undergone practically
no improvement in the last two thousand years, placing the
business of the plasterer on the same footing as that occu-
pied by the other trades through the advent of machinery
and improved methods.
